Rector of St. Paul's Will Go to France With McGuire's Hospital Unit.

Rev. W. Russell Bowle, D. D., rector of St. Paul's Episcopal Church, has ac-cepted the appointment as chaplain of the Medical College of Virginia Base Hospital, and will leave for France with Dr. Stuart McGuire's unit this

Dr. Bowie telegraphed the following statement to The Times-Dispatch from Hyannis, Mass., where he has been spending his vacation, last night: It is true that I have been appointed chaplain of Dr. McGuire's Base Hos-

pital and have promised to go to France. With so many of the young men of St. Paul's and other Richmond churches already in the army I feel that I should share in the service to not be until September 10. Just before leaving Richmond, however, the decision has to be made. I talked the situation over with one of the vestrymen who was in the city. It is my intention to ask the vestry for temporary leave of absence, and provision will be made so that the work of the church go on without interruption.

Rapid progress is being made in various sections of the State in the or-ganization of home defense units, it was announced yesterday by Colonel Jo Lane Stern, inspector-general for Vir-ginia, who received notification that ginia, who received notification that three additional companies had just been formed. Advices late yesterday stated that a fourth company would probably be organized to-day in Petersburg, and Colonel Stern was requested to forward the papers.

Three companies just organized are located at Roanoke, Middletown and Victoria, in Lunenburg County. The officers are as follows:

Roanoke-J. C. Cooke, captain; John DuPuy, first-lieutenant, and C. E. Turner, second licutenant.

It is understood that the organization of the home defense company in Petersburg, which is being conducted under the direction of Henry Gilliam, Jr., will be completed at once, and it is expected to be recognized by the State military authorities immediately after it is formed.

That the personnel of the new units is of an extremely high class was shown yesterday by Colonel Stern connection with the company organized several days ago at Charlottesville. Of the sixty-four members of the company, there are twelve lawyers, six doctors, several bank officers, city officials and students and members of the faculty at the University of Virginia.

When Governor Stuart granted a respite of thirty days to the boy it did not mean that he thought the boy was innocent of any crime. The boy was ignorant, without counsel, and was not tried by a jury. HIS "LAST SAY" ON THE CASE Judge George J. Hundley, of the Circuit Court of Charlotte County, issued yesterday what he describes as his "last say" in regard to the Barrett case. His signed statement follows: To the Editor of The Times-Dispatch: Sir,—In regard to the Barrett case, this will be my last say on that matter. Some people seem determined to try that case over again in the newspapers. Let that trial proceed. I never try cases in the newspapers. The court trial, with its records, is behind me.
